

SAMSUDEEN ASHAD

About Me

Motivated undergraduate software engineering student with a passion for software development, machine learning, and data science. Known for strong leadership, a collaborative attitude, and conflict resolution skills. Experienced in applying analytical techniques to solve complex problems. A punctual, dependable multitasker who delivers effective solutions and contributes to team success.

EDUCATION

NSBM GREEN UNIVERSITY

BSc (Hons) in Software Engineering
2022-2026

IMBS GREEN CAMPUS

Diploma in Business Management
2024-2025

ENGLISH BEE ACADEMY

Diploma in English
2017-2018

B/BANDARAWELA CENTRAL COLLAGE

Physical Science Stream (Maths Stream)
2020 A/L

Undergraduate in Software Engineering |
Full-Stack Developer | Machine Learning |
Data science enthusiast

EDUCATION

Associate Software Engineer

Zuse Technologies - February 2026 – Present

PROJECTS

Baminithiya Disaster Management System

React, FastAPI, Firebase, YOLO, Gemini, GDAC, OpenWeather

- National ICT awards -NBQSA 2025 – Special awards Category Nominated
- Won 1st Runner up Green Exe 3.0 organized by ASE in NSBM
- Won 2nd Runner up Intelihack 5.0 organized by UCSC

AgriLanka - Agriculture marketplace platform

Ballerina backend, React, Appwrite, WhatsApp bot, MCP

- Won 1st Place Innovative Nation Sri Lanka (INSL) organized by IEEE Main Student Branch
- Top 10 Finalist organized by IEEEUOM & WSO2

Heritage Lanka - Tour guider & Planning Platform

Next.js, TypeScript, PostgreSQL, JWT, Firebase, Stripe

- Finalist - SaaS Sprint Buildathon Hackathon v 1.0

NSBM MathMaster - Quiz Competition Platform

React+Vite, Typescript, PostgreSQL, Express.js, Node.js, Figma

Web scraper AI

Flask, BeautifulSoup, JavaScript, Selenium

Eva - Voice Assistant AI

Interactive Web Interface - Google AI Studio, Flask, PyAudio
OpenCV

Quizer Ai - Intelligent Quiz Generation Platform

Flask, Gemini, Bootstrap, Python

AI-Tutor

Flutter, Python, HTML, JavaScript, Gemini

Organic Cosmetic Online Store

Java, Java servlet, JSP, JDBC, Tomcat, JS, MySQL

Greencare - Health Care System

Django, python, JavaScript, SCSS

RESEARCH & PUBLICATIONS

The Role of Cryptography in Blockchain : Ensuring Immutability, Transparency and Security

INSRSIT 2025 (July 9, 2025)
ISSN 3093-5393

The Impact of Business News on Bitcoin Value : A sentiment Analysis Approach (Submitted) - ISSN 2582-7421

A Hybrid Deep Learning and Graph Neural Network-Based Recommendation Model for Personalized Apparel Selection in Digital Platforms

Ongoing

LEADERSHIP EXPERIENCE

NSBM Mathematics and Statistics Circle 2024 - 2025

Assistant Event Coordinator

NSBM Islamic Society - 2024 - 2025

Chief Event Coordinator Executive

NSBM Association of Software Engineering 2024 - 2025

Executive Committee Member

EXPERTISE

- Project Management
- Public Relations
- Team Work
- Leadership
- Effective Communication
- Critical Thinking
- Adaptability
- Collaboration

SKILLS SUMMARY

Programming

- Python, Java, C++, JavaScript, SQL, Flask, React, node.js and .NET.

Data Science

- Machine learning, statistical analysis, data visualization (Power BI, Tableau), Exploratory data analysis, Statistics, TensorFlow, Scikit-learn, Prompt Engineering, NumPy, Pandas, Matplotlib, LangChain.

UI/UX Development

- Figma, Flutter, React, responsive designs with Tailwind CSS, SCSS, and implementing user-centric interfaces, WordPress development.

Databases

- SQL, MySQL, SQLite, PostgreSQL, Firebase and MongoDB.

Software Engineering & Backend development

- Design patterns, system architecture, APIs, debugging, and optimization, Express, FastAPI, Django, Ballerina, Next.js

Cloud & DevOps

- Git, GitHub, Firebase, AWS, Azure and Docker, Vercel

Methodologies & Planning

- Proficient in Agile, Scrum, Kanban, and Waterfall, JIRA, MS Project, and Asana for task management and scheduling.

Project Management

- Risk, Scope Management & Stakeholder Engagement.

LANGUAGE

- English
- Sinhala
- Tamil
